

# TRIAL DATA SHEET

## Origin Enhanced Nitrogen

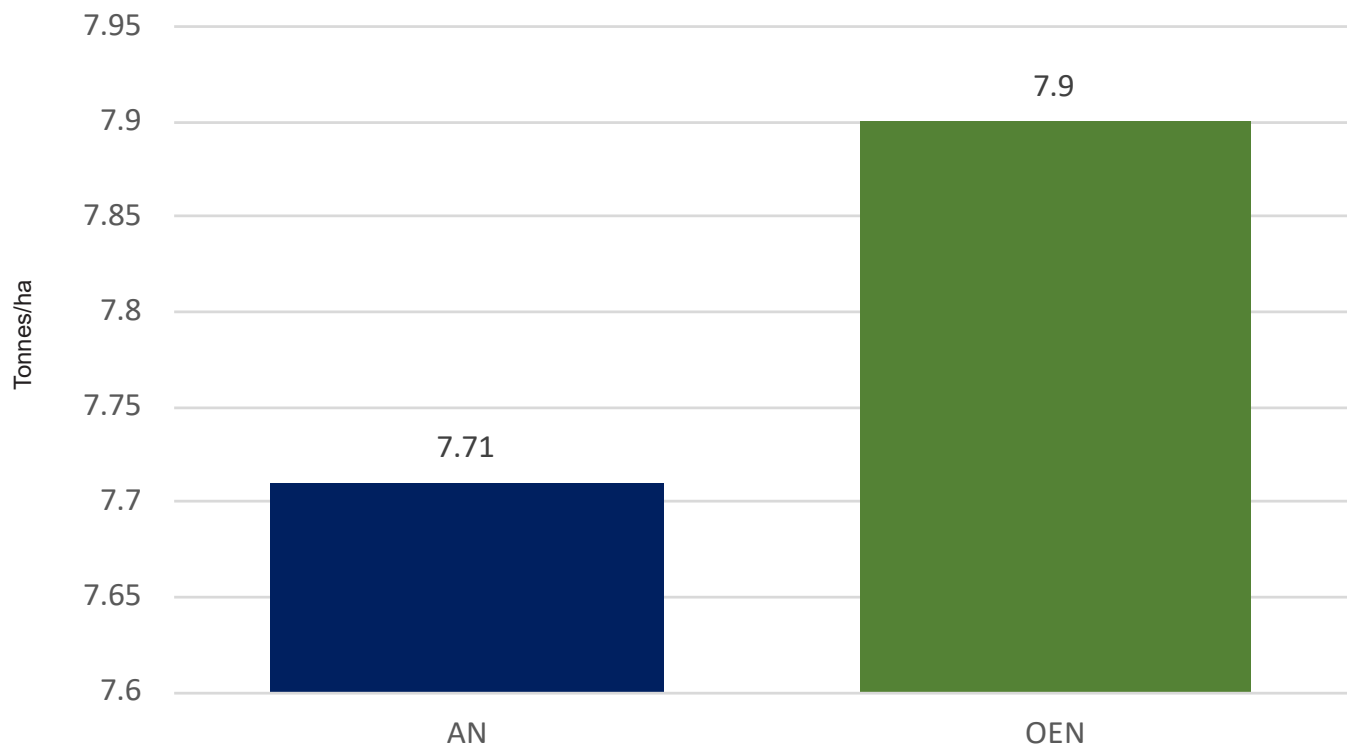

## Origin Enhanced Nitrogen v ammonium nitrate

<b>Objective:</b>	Crop yield comparison between different N sources
<b>Crop:</b>	Spring Barley
<b>Location:</b>	5 trial sites
<b>Date:</b>	2012 to 2015
<b>Researcher:</b>	Various independent trials contractors
<b>Trial code:</b>	12521, 13153, 14742, 14831 and 15362

## Results:

N-types on 5 trial sites Spring Barley comparing Origin Enhanced Nitrogen against ammonium nitrate

## Conclusions:

- OEN out performed AN in 4 of the 5 trials
