

# TRIAL DATA SHEET

## Origin Enhanced Nitrogen

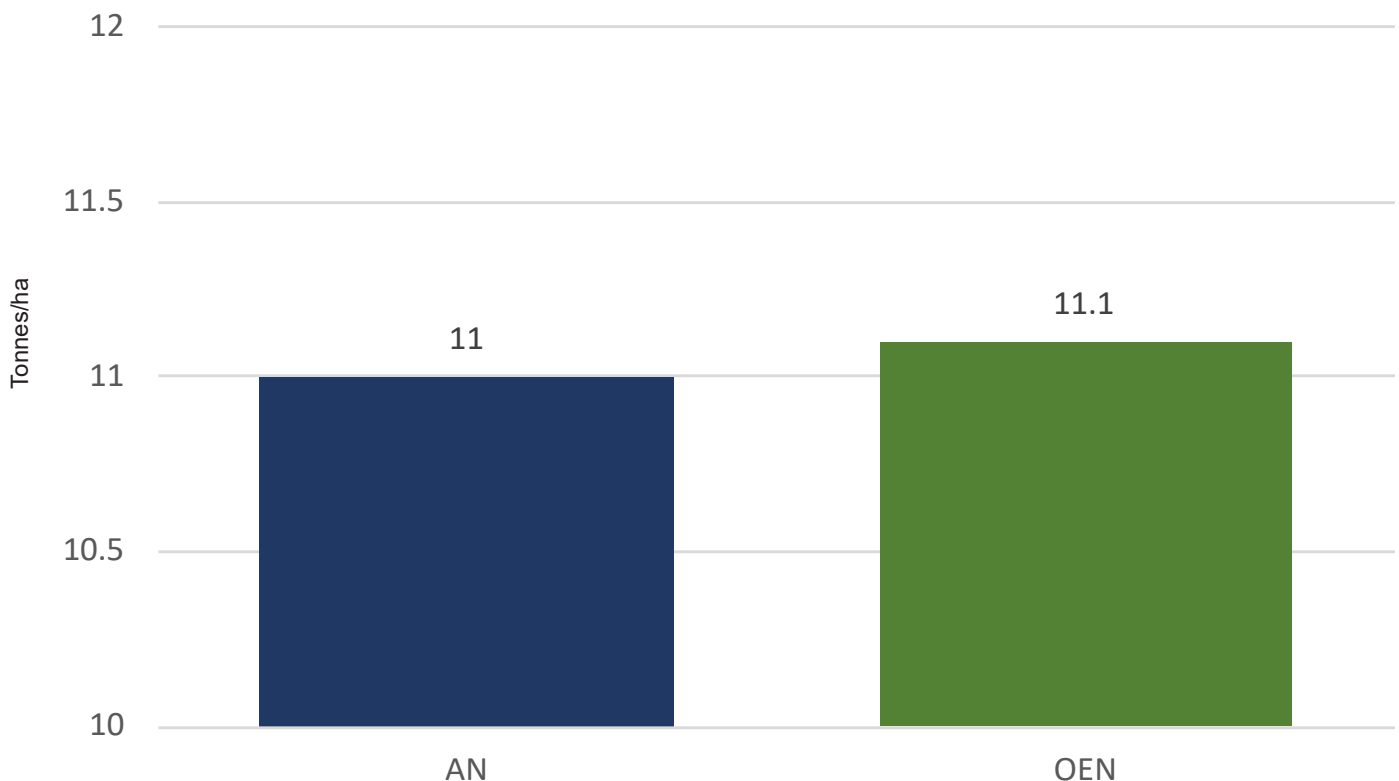

## Origin Enhanced Nitrogen v ammonium nitrate

<b>Objective:</b>	Crop yield comparison between different N sources
<b>Crop:</b>	Winter Wheat
<b>Location:</b>	5 trial sites
<b>Date:</b>	2013 to 2015
<b>Researcher:</b>	Various independent trials contractors
<b>Trial code:</b>	13727, 14296, 14727, 15837 & 15355

## Results:

N-types on 5 trial sites Winter Wheat comparing Origin Enhanced Nitrogen against ammonium nitrate

## Conclusions:

- Using OEN gave an average yield increase of 0.1t/ha
